- Whether the legal basis ( constitutional provision) for enacting the Decree-Law is correct because it may trigger constitutionality issues;
- The employment of Timorese people or restricting foreign workers may go against law in Timor-Leste:
- This decree-law does not foreseeing sanctions and penalties ?
- Why this draft decree-law use the terms of Ministry as this may create confusion in terms of overlapping of power with other Ministries including the power of inspection?
- Why this draft Decree-Law foreseen provision related to procurement as this may go against general procurement regime applicable in the country?
